

Procedure for Accessing RxFiles+ (RxFiles-PLUS) App via URL Referral

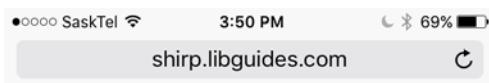

An RxFiles+ PLUS app is now freely available to members group partnerships who access RxFiles Online via **URL referral**. This includes **SHIRP** users (SK), **PANS** (NS), **PHCNP**, **SJHC Pharmacy**, etc. The PLUS App is available for *Apple* and *Android* platforms.

Download & Activation Instructions

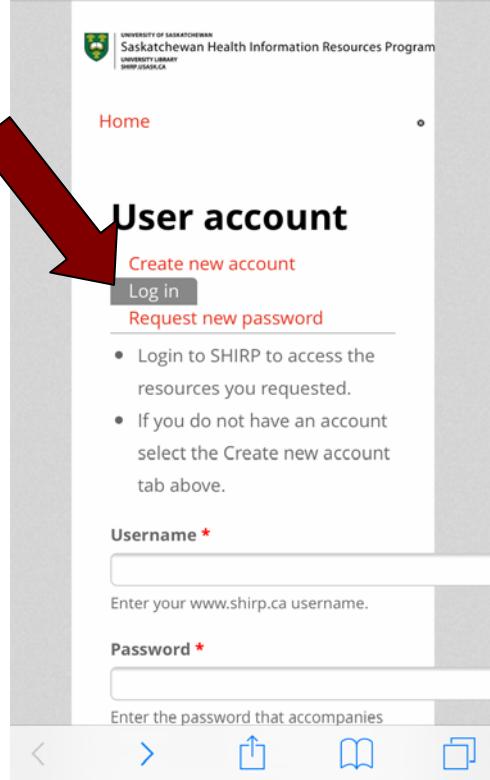

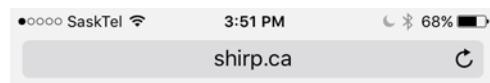

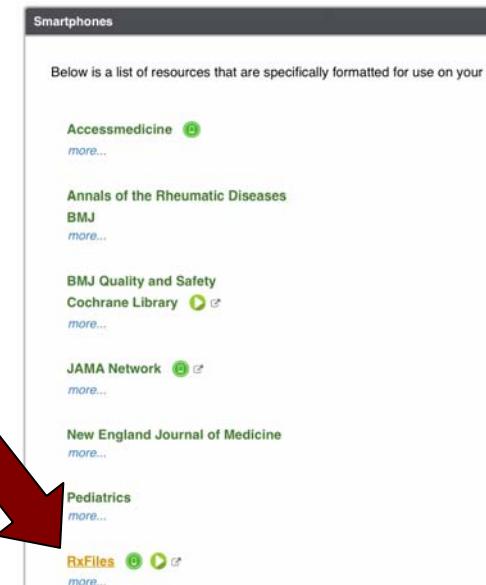

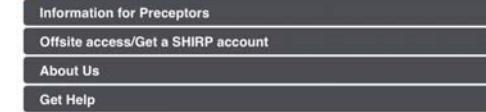

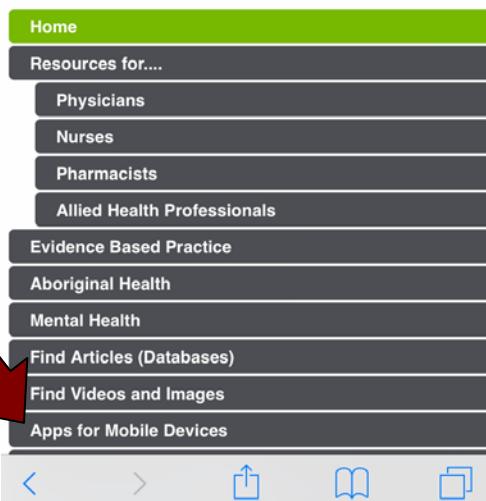

1. **Download the app onto your mobile device – make sure it is the RxFiles **+** (PLUS) App – not the regular RxFiles app.**
 - Apple Platform:
<https://itunes.apple.com/ca/app/rxfiles-+/id1039875266?mt=8>
 - Android Platform (via Google Play):
<https://play.google.com/store/apps/details?id=com.pi.rxfilesplus&hl=en>

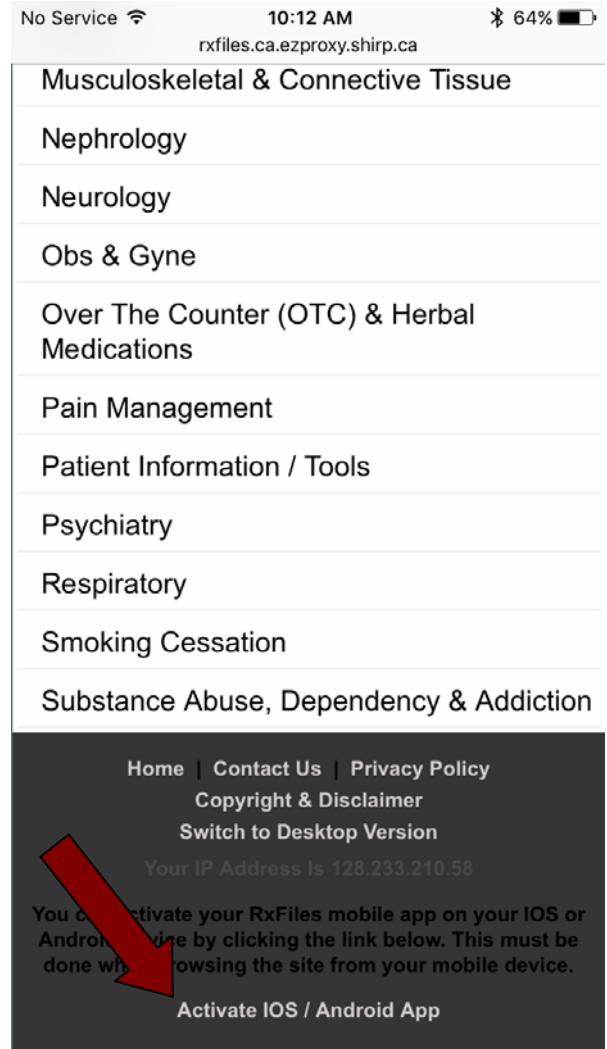

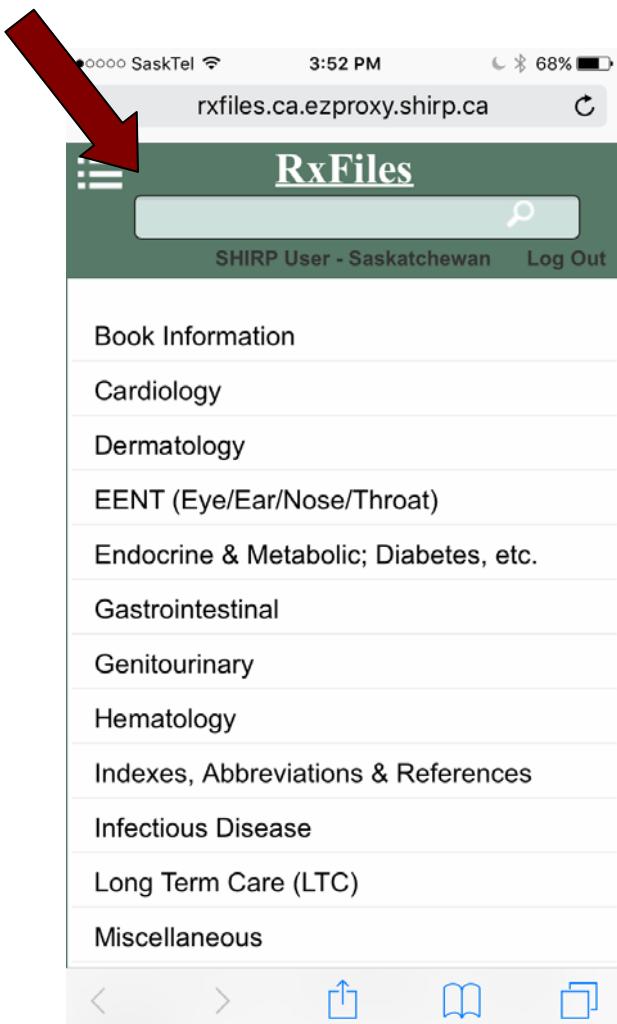

2. From the web browser **on your MOBILE DEVICE**, click on “**Apps for Mobile Devices**”, scroll down and click on **RxFiles**. **Login to your partnership’s member website** (e.g. in SK, go to <http://shirp.usask.ca> and login with username & password).

SHIRP: Home

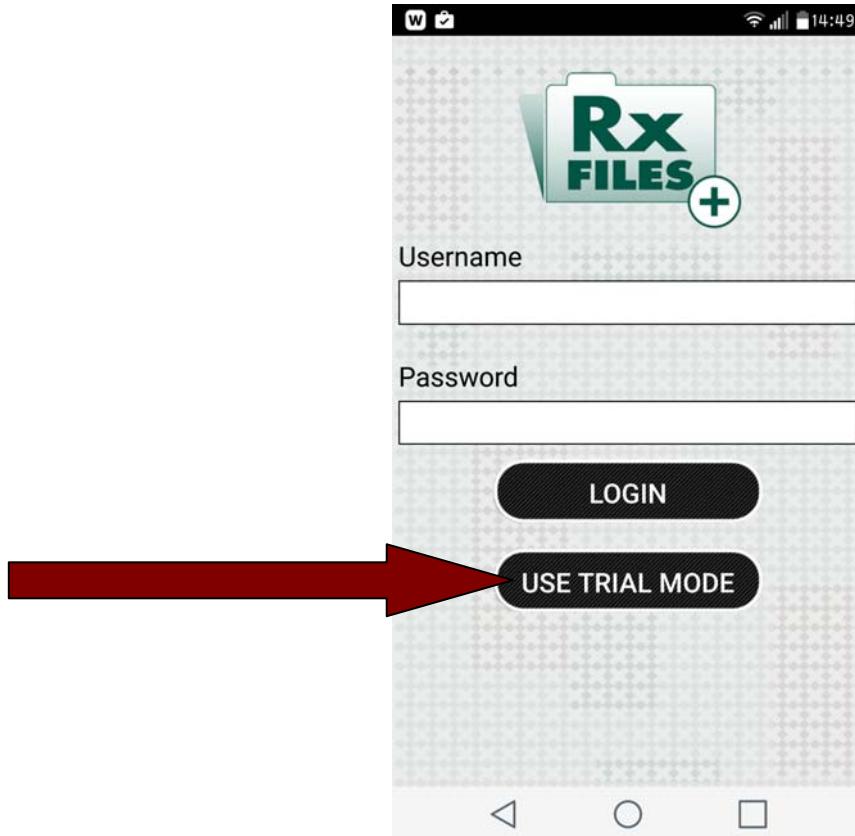

3. This should bring you to the RxFiles mobile home screen.
4. Scroll down and click on “Activate IOS / Android App”

7. Say “yes” to open up the RxFiles App.

8. If you get a screen that asks for either a) Login Username/Password, or b) **Use Trial Mode**, select “Use Trial Mode”.

8. The app will be active for 3 months.

Then after that time, to reactivate the app, just go back to the Partner website (e.g. SHIRP) from your mobile device to redo the above steps.

9) To get current chart versions, hit the “Check for Updates” button within the app menu. Check for updates periodically (e.g. every few months).

10) Note – the app features the ongoing updated RxFiles Drug Comparison Charts. Remember there always more information (newsletter, Q&As, trial summaries) on our website.
